

JUST HOW IMPORTANT IS CHOOSING THE RIGHT HARNESS?

A harness is your single most important equipment choice. It affects your safety in many different ways. But its design and craftsmanship also have a direct influence on your comfort, confidence, productivity and versatility on the job.

DBI-SALA™ harnesses — ExoFit Nex™, ExoFit™ XP, ExoFit™ and Delta™ — have earned a reputation for maximum comfort, freedom of movement and ease-of-use, as well as launching innovations such as the spring-loaded, stand-up back D-ring, Delta™ No-Tangle pad and the Revolver™ torso adjusters.

Many of our harnesses can be used on most jobs. DBI-SALA™ also manufactures harnesses for specific uses within industries such as Construction, Oil and Gas, Transportation, Utilities/Telecommunications and Municipalities and Wind Energy. General- and specific-use harnesses will be identified on the following pages.

All harnesses meet OSHA and ANSI standards, including the stringent ANSI Z359.1.

CHOOSING YOUR HARNESS

Look for quality in these features when selecting your harness.

1 DORSAL CONNECTION

The fall arrest point must be located on the back, positioned between the shoulder blades. Your harness must always include a dorsal attachment point.

2 WEBBING

Webbing is an important factor in the durability and safety of the harness. Ensure that the webbing is strong enough to endure rough use, exposure to sunlight and other elements without tearing or fraying. Specialty applications such as welding and electrical maintenance require Nomex®/Kevlar® or nylon that offers fire resistance or arc flash protection.

3 ADJUSTING POINTS

Whether you wear a harness 4 hours a day or 14, it needs to fit right for safety and comfort. Harnesses with adjusting points on the legs, waist (belt models), chest and torso allow a better fit.

4 LEG STRAPS

Depending on worker preference, leg strap fasteners may be available in different styles, including:

Tongue Buckle

Pass Thru Buckle

Quick Connect Buckle

5 PELVIC SUPPORT

A sub-pelvic strap provides additional support, security and comfort for the user. Properly positioned, it better distributes forces during a fall.

6 BOOK STYLE LABELS

Book style labels put product and inspection information at the workers' fingertips. Pages may include sizing, operating instructions, inspection log, warning labels and compliance information. These labels promote quick inspection, compliance and safety.

7 STITCHING

Double box stitching provides maximum strength and durability. It's sewn-in quality you can trust.

8 PADDING

Cushioned shoulder, leg and hip pads keep the pressure off, providing extra worker comfort for long hours of wear. In a fall, they absorb shock and help distribute your weight. They may be built-in to avoid slipping or may be removable.

9 SEAT SLINGS

A removable seat sling provides job versatility and added comfort during long hours of use.

10 IMPACT INDICATORS

Impact indicators provide immediate notice that the worker and harness have been in a fall. This feature promotes safety and proper inspection.

11 LANYARD KEEPERS

A lanyard keeper provides a place to park your lanyard when not in use. It prevents tripping and entanglement for enhanced safety.

12 BREATHABLE LININGS

The ExoFit™ series of harnesses feature breathable linings that wick moisture away from your body. So you stay dry and comfortable in heat or cold.

Equipped with

TYPES OF HARNESSSES

DBI-SALA™ harnesses are available in different types, with various features, depending on their intended use.

MULTI-PURPOSE HARNESS

This type typically includes extra attachment points which allow work in a variety of situations. The belt and pad provide additional back lumbar support, positioning rings and tool carrying options.

WORK POSITIONING HARNESS

These harnesses have positioning D-rings located on the hips for use with pole straps or work positioning lanyards, which allow hands-free operation. Harnesses of this kind may include integral waist belts.

LADDER CLIMBING HARNESS

Harnesses with a frontal attachment point, for connection to permanent ladder safety systems.

DESCENT CONTROL HARNESS

These harnesses typically have frontal attachment points for use with descent control devices.

CONFINED ENTRY/RETRIEVAL HARNESS

One attachment point located on each shoulder strap facilitates upright retrieval from confined spaces.

EXOFIT NEX™

The Ultimate Full Body Comfort Harnesses

ExoFit NEX™ harnesses are the newest, most advanced harnesses in the industry. They're the culmination of our experience with ExoFit™ and ExoFit™ XP, ongoing research and the incorporation of new materials and innovative features. When you purchase an ExoFit NEX™ harness, you can be certain that you're purchasing the finest harness available today, from DBI-SALA™ or anyone else.

COMFORT ■ True to our NEX mission, we manufacture these harnesses using materials that won't add unnecessary weight.

FUNCTION ■ When speed and efficiency are project requirements, ExoFit NEX™ will provide the freedom and confidence to function at your maximum potential.

DURABILITY ■ ExoFit NEX™ harnesses are designed using materials that last.

REVOLVER™ VERTICAL TORSO ADJUSTERS

Simple and fast adjustments that eliminate loose ends and lock into place, preventing slippage.

HYBRID COMFORT PADDING

Lightweight, moisture wicking and breathable padding won't move or slip, always keeping the wearer comfortable.

TECH-LITE™ ALUMINUM D-RINGS

Extremely lightweight alloy commonly used in military and aerospace offers a higher level of security and comfort.

INTEGRATED TRAUMA STRAPS

Provide an adjustable, continuous loop for post fall, minimizing suspension trauma.

DUO-LOK™ QUICK CONNECT BUCKLES

Lightweight one-handed use with memory-fit web-lock ensures fast, non-slipping connections.

Equipped with

420 LB. CAPACITY

Model Shown 1113130

ULTRA-SOFT EDGING ■ Moves with you. Doesn't rub or chafe.

SUPERIOR X-DESIGN
A single piece of material in the shape of an X wraps around the wearer for the ultimate in comfort, security and no-tangle donning.

■ **PROTECTIVE SHOULDER CAPS**
Provide protection and comfort when carrying heavy materials.

■ **MOLDED LANYARD KEEPERS**
Easy holstered snap hooks break away to avoid trip hazard.

■ **REFLECTIVE MATERIAL**
For greater visibility in dark and dangerous environments, reflective material is integrated on legs, chest, shoulders and back.

■ **BUILT-IN CARRYING POCKET**
Conveniently holds and protects a cell phone, camera or other items.

■ **REPEL TECHNOLOGY WEBBING**
Water repellent to reduce attraction of mold and dirt — also has up to 5 times more abrasion resistance.

STAND-UP DORSAL D-RING
Patented spring-loaded design automatically stands-up, ensuring fast, easy and safe connections to your fall arrest system.

EXOFIT™ XP

The Second Generation Full Body Comfort Harnesses

ExoFit™ XP made its mark as the industry's most comfortable harness. Its design incorporates a single piece of material that wraps around you in the shape of an X, for the ultimate in no-tangle donning and comfortable security. Its padding can be removed and cleaned. XP materials are soft and lightweight, yet extremely durable.

EASY-GRIP END TABS AND KEEPERS

For fast, efficient and secure web adjustment.

REMOVABLE PADDING

Cleaning is easy. Just throw it in the washer.

CUSHIONED LEG AND HIP STRAPS

Comfort and additional security during a fall.

QUICK CONNECT BUCKLES

Color-coded and provide one-handed operation for fast, easy donning.

ULTRA-SOFT EDGING

Moves with you. Doesn't rub or chafe.

420 LB. CAPACITY

Model Shown 1110103

SUPERIOR X-DESIGN
A single piece of material in the shape of an X wraps around the wearer for the ultimate in comfort, security and no-tangle donning.

CUSHIONED SHOULDER PADS
Keeps pressure off, absorbs shock, helps distribute weight in a fall. Designed so they won't slip or slide off your shoulder.

REFLECTIVE PIPING
Enhances visibility in low-light conditions.

INTEGRATED LANYARD KEEPERS
Prevent dangerous entanglements. They snap free when snagged.

SOFT, LIGHTWEIGHT WEBBING
Strong, yet isn't stiff or coarse.

3-D MESH AND BREATHABLE LINING
Allows moisture to evaporate and cool air to circulate, keeping you cool and dry.

STAND-UP DORSAL D-RING WITH IMPACT INDICATOR
It's spring-loaded, ensuring fast, easy and safe connections to a lanyard or SRL.

EXOFIT™ XP
ARC FLASH HARNESSSES

XP arc flash harnesses are perfect for use in any industry where high voltage electricity is a concern. That's because all DBI-SALA™ arc flash equipment has been tested to perform in accordance with the stringent ASTM F887-05 Standard Specification for Personal Climbing Equipment.

Testing for fall protection is performed in two steps. The first exposes the equipment to an arc flash at 40 cal/cm² and the second is a drop test compliant with ANSI Z359.1 after the exposure.

EXOFIT™

The Industry's First Comfort Harnesses

ExoFit is the design that changed what workers expect from a harness.

It's our original comfort fit harness, with a single piece of material that wraps around you in the shape of an X. It dons without tangling and provides comfortable security. ExoFit remembers your adjustments. Snap three buckles and you're ready to work. Shoulder, hip and leg padding is built-in so it can't slip. A breathable lining guarantees you'll stay dry and comfortable.

- CUSHIONED SHOULDER PADS**
Help minimize pressure on shoulders. Designed so they won't slip or slide off your shoulder.
- BREATHABLE LINING**
Immediately draws moisture away, keeping you dry and comfortable.
- 420 LB. CAPACITY**
- EASY-GRIP END TABS**
Something secure to hang on to when adjusting the straps.
- ANTI-TEAR BALLISTIC NYLON**
Abrasion-resistant for rugged strength and durability. Twice the endurance of standard nylon or polyester.

REFLECTIVE PIPING
Enhances visibility in low light conditions.

BACK D-RING
Keeps you upright every time. 5,000 lb. minimum tensile strength.

ULTRA-SOFT EDGING
Moves with you. Doesn't rub or chafe.

TORSO BUCKLES
Hold straps firmly in place, adjust easily and complete the 5-point adjustment system.

CUSHIONED LEG AND HIP STRAPS
Comfortable and offer additional security during a fall.

QUICK CONNECT BUCKLES
Provide one-handed operation for fast, easy donning.

FULL BODY HARNESSSES

Innovative, full body support for more than two decades.

New, improved Delta™ harnesses combine “industry-first” advancements with popular features that have made Delta™ the workhorse of the industry. Today’s Delta™ represents more than twenty years of design, research, manufacturing know-how and on-the-job performance.

Durable • Convenient • Comfortable

Delta™ harnesses are as tough as those who wear them. They have a shape of their own so you can don them quickly and easily. And Delta™ supports your back and hips while bearing heavy loads.

NO TANGLE DESIGN

Defining the Delta™ name, the patented triangular design creates a frame that allows the harness to fall into place when donned.

DELTA™ COMFORT HIP PAD

Improved ergonomic fit constructed with a soft, breathable, comfortable interior that supports your back and hips.

TECH-LITE™ QUICK CONNECT BUCKLES

Lightweight aluminum alloy buckles for fast and easy connections.

420 LB. CAPACITY

Model Shown 1101656

IMPACT INDICATOR

Provides visual alert that the harness has been involved in a fall and for safety inspections.

REPEL™ WEBBING

Water repellent to reduce attraction of mold and dirt — also has more abrasion resistance.

LANYARD KEEPERS

Delta™ lanyard keepers hold your unused snap hooks and help reduce trip hazards.

REVOLVER™ VERTICAL TORSO ADJUSTER

Simple and fast adjustment that eliminates loose ends and locks into place, preventing slippage.

STAND-UP DORSAL D-RING

Patented spring-loaded design automatically stands-up, ensuring fast, easy and safe connections to your fall arrest system.

Vest-style harnesses are the most universal, with multiple configurations and connection point options. They're used across a wide variety of industries.

CUSTOMIZE YOUR HARNESSES

DBI-SALA™ can put a custom label on your harnesses, or group of harnesses, with an order of 12 or more.

- Same style of harness required, order can be in multiple sizes.
- One logo per harness.
- Logos on Delta™ harnesses – black on clear background, sublimation transferred.
- Logos on ExoFit™ and ExoFit™ XP – black on white background, heat transferred and sewn.
- Logos on ExoFit NEX™ harnesses – custom logo and embroidery, multiple color options to suit any need.

HARNESS ACCESSORIES

SUSPENSION TRAUMA SAFETY STRAPS

They are deployed when needed, hook together in seconds and let a suspended worker stand up in harness, relieving downward pressure. The continuous loop design allows for one- or two-foot suspension. You can quickly attach them to most harness brands right in the field. The compact, lightweight design stays out of your way.

9501403

SUSPENSION TRAUMA SAFETY STRAPS

One pair, connects to most harnesses.

1150174

HARNESS HYDRATION SYSTEM

50oz. capacity, compatible with all DBI-SALA™ harnesses.

9500468

OFF-SHORE LIFEJACKET

Off-shore orange life vest, back opening for harness, safety whistle, 62 sq. inches of Solas grade reflective tape, foam-filled head support collar with two vertical adjustable straps, hinged back panel for comfort, universal size. Cat. No: 1600 type 1-US Coast Guard Approved.
